

ONLINE Teachers needed for courses offered to our Partner school in China

Posting Date: November 2020

Fort Erie International Academy ***Fort Erie, Ontario***

Fort Erie International Academy is looking for OCT Teachers, (preferred), in Good Standing, (who can attend to FEIA for initial Training, and occasional meetings, etc), to teach OSSD Math/Science and/or Social Science courses, through "Synchronous" learning.

Teachers will be trained here at our FEIA Campus, (474 Central Ave, Fort Erie, Ontario L2A 3T7), using a Platform called "Ding Talk", (similar to Zoom). Teachers will be teaching to our Partnered School Secondary Students, in China, either during a Morning Session, (Mon-Fri: 6-8:30AM) OR through an Evening Session, (Mon-Fri: 6-8:30PM).

New courses to start January 04, 2021 to run until March 26, 2021. There is a very real possibility of an extension for successful teachers. Teachers are able to work remotely, at their home, for the actual lessons, but need to be able to attend at the school, occasionally.

Teachers will be expected to keep Daily Lesson Plans and Unit Plans, Attendance, all Assessments ("For"; "As" and "Of"), and be able to effectively communicate all instructions clearly, to their students, via their computer. A reliable network with web cam capabilities, is needed.
